Murad Ibrahimov
Frontend Developer

As an enthusiastic and aspiring Frontend Developer, I am dedicated to mastering the art of crafting captivating user interfaces and delivering seamless web experiences. With a solid foundation in web development technologies and a genuine passion for creating visually appealing and functional websites, I am committed to contributing my skills to innovative projects.

Experience

Successfully developed a functional Pomodoro Timer web application in an intensive 2-hour coding session, showcasing exceptional time management and coding efficiency.

Demonstrated strong teamwork and communication skills by effectively collaborating with team members in a high-pressure, time-constrained environment.

Participated in an accelerated development process, applying agile principles to prioritize tasks and achieve project goals within a limited timeframe.

Showcased adaptability and learning agility by quickly assimilating feedback and making necessary adjustments to the application's design and functionality.

Soft Skills

Critical Thinking	Teamwork and collaboration
Problem Solving	Task management
Time management	Adaptabillity and flexebillity
Independent research	Effective communication
Creativity	Eager to learn new technologies
